Premier Lloyd George Issues Statement in Paris Denying Rumor That He Delays Agreement

## AGAIN DECLARES LOYALTY

Asserts England Will Ever Be Found at Side of French in German Menace Threatens

PARIS, April 4.—Premier Lloyd George of Great Britain, in a statement to the House of Commons today, denies the report generally prevalent that he is an ultimate opponent of the guarantees asked by France against a renewed attack by Germany.

"Disillusion?" the premier asked, "do you seriously think they can ever take between you and me?"

"There has been some discussion, but it is not from sincere discussion that final agreement must emerge between France and England? Our understanding has remained complete and absolute. Endless times did not come to fight by the side of the French to give your country merely relative security during a limited period. No, they mean France to have absolute security in the future."

"You know what sacrifice England has made and you know well that England does not regret them. She is ready to make fresh ones if it becomes necessary to guarantee the peace and independence of France."

"I have seen the horrors of war fought on French soil. We do not intend that there should be a third time and should it be years hence, France will again find England by her side with all her wealth and power for work and words the wild beast must be mastered."

"It is mastered at present, but if one day it raises its head ready to spring it will find itself again faced by France and England, united in brotherhood."

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

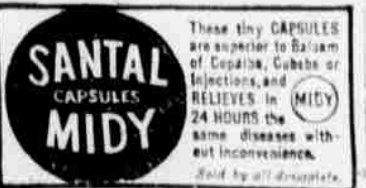

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

A Nutritious Diet for All Ages. Quick Lunch; Home or Office. OTHERS ARE IMITATIONS.

Come on you boy farmers. Pack your lunch, throw it in a three-gallon bucket, bring your box, rake or spade and show that you mean business. You members of the boys' working reserve fall in and march to Fourth and Boulder and be there in time to catch the 2 o'clock Oklahoma Union Railway car. You'll have a car for Parthenia park, Saturday afternoon.

The girls reserve have arranged for free transportation to their garden in the Y. W. C. A. camp grounds. It will not be an all-day work and no play affair, everyone is expected to put in one full hour of hard work and the rest of the time for recreation. The girls reserve and the boys' working reserve planned this outing at the Y. M. C. A. at a joint meeting Monday night.

A number have already signified their intention of going, but every member of the organization will be needed to fill the gap and get the grounds in condition. Eva Horner, director of the girls' work at the Y. W. C. A., will be in charge of the girls and Howard Meyer will direct the work of the boys.

## NEW BRIDGE OPENED FOR TRAFFIC ACROSS CANADIAN

Special to The World.

ADA, Okla., April 4.—The South Canadian river is no longer a barrier for automobile owners who want to cross the state of Oklahoma from north to south or vice versa without going west as far as Farwell. The bridge between Francis and Muskogee, 11 miles north of Ada, is now complete and wagons and automobiles go across scores of times a day.

The bridge is 780 feet long and is built of reinforced concrete throughout. The piers are sunk to solid matter under the bed of the treacherous sand and is pronounced by engineers to be permanent.

Another bridge is under construction just north of Ada, between Ada and Konawa. When this is complete it will mean that there will be two crossings available from Ada to the north.

The new structure completes the bridge on the line of the new highway running from Tulsa to Wichita Falls, Texas.
